Dear Mr. Best:

This letter is in reference to your FOIA request submitted to the U.S. Nuclear Regulatory Commission (NRC) on May 11, 2016. You had requested information regarding files relating to or mentioning the Apollo Affair.

Our last correspondence to you was a fourth interim response to your request, which was dated November 9, 2016. We recognize that we have not completed work on your request; however, we also realize that, in the intervening two years since that interim response, we have not received any communication from you about this request.

In light of our delay in completing our work on your request and the absence of any communication from you on this request, we wondered whether your need for, or interest in, any remaining records responsive to your request NRC has changed. It occurred to us that you may no longer be interested in pursuing this request.

If you are still interested in continuing to pursue this FOIA request, please contact this office by April 12, 2019. If we do not hear from you by this date, we will assume that you are no longer interested, and we will administratively close our file on your request.

If you have any questions regarding this matter, please feel free to telephone me at 301-415-6975, or send me an e-mail at [Stephanie.Blaney@nrc.gov](mailto:Stephanie.Blaney@nrc.gov).

Sincerely,

Stephanie A. Blaney /s/
